

PROVEN PERFORMER

Vended Tumble Dryers

SA030, SA035, SA055, SA075

Features

- Large door opening for easy loading and unloading
 - extra strong hinge and reversible door
- Galvanized drum - oval drum holes preventing damage from standard drywall screws
- Unique drum supporting system (axial airflow only)
 - at the rear: bearing
 - at the front: rubber rolls with bearings
- Large lint filter - easy removal of lint, efficient drying
- Axial airflow (SA025, SA030, SA035, SA055)
 - drum perforations only at the front and back
 - maximum airflow, less energy consumption and short drying times
- Radial airflow (SA075)
 - drum perforations over the entire surface
 - high production
 - pulley drive system
- Average of 40% lower energy input compared to the Speed Queen classic tumblers
- Overall utility savings per year are around 5%

- Quantum™ Gold Control
 - easy to operate, easy to program
 - flexibility of 5 programmable cycles
- Single slot electronic multi denomination coin drop for versatility and accuracy
- Digital display and countdown

Options

- Electric and Steam heat
- Stainless steel front
- Stainless steel drum
- Reversing: prevents tangling of the linen
- ECO Energy saver models
- Cashless Payment by Credit Card Activation

Supporting Smart Card, Tap & Go, Mag Stripe

- Speed Queen Insights Network Gateway and Subscription - Cashless APP Payment and Equipment Management online.

Quantum™ Gold Control

Controls

Quantum™ Gold

In addition to its network capabilities and remote off-site management features, Quantum™ Gold offers additional owner and customer benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, a "lucky cycle" for loyal customers and the ability to interface with the store owner's payment systems.

Cycle modifier keys create additional profit opportunities for store owners.

SA075	860	781	1378	1946 (G/E) 2032 (S)	981
			depth	height	width

All measurements are in mm. *With levelling legs turned into base.

NOTE: Exhaust openings are 150 or 200 mm metal ducting.

IMPORTANT: The dryer should have sufficient clearance around it for needed ventilation and for the ease of installation and servicing.

Please refer to Installation guide for correct make up air requirements - open space behind these units is required for service access (min 400mm)

For maximum drying performance, we recommend that more clearance be allowed around the dryer than the minimum indicated.

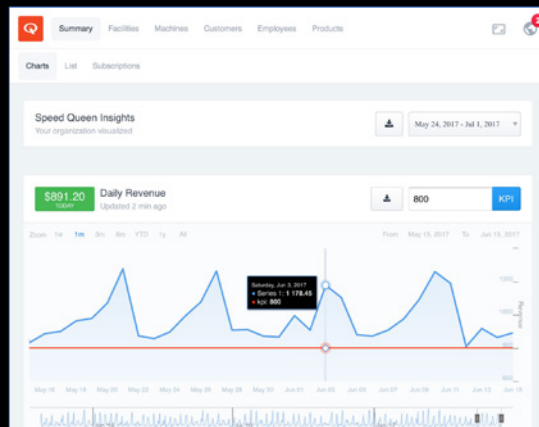

Mobile payment transforms customer relationships.

Speed Queen® Insights
Control all of your laundromats from a single website.
Attract and retain more customers with mobile payment.

Your customers expect more from a modern retail experience.
More versatility. More convenience. A simple way to quickly do laundry.
Speed Queen Insights lets you meet—and exceed—their expectations with the Speed Queen app and Speed Queen Rewards.
And because it's fully integrated with your Speed Queen washers and dryers, there are no additional card readers to install and maintain.

Speed Queen app - Easy-to-use app creates best-in-class retail experience.
Speed Queen Rewards - Increase store loyalty and encourage repeat business.
Monitor wash and dry - Customers can easily check cycle status and time remaining from their smartphone.
Notification of cycle completion. Customers can run errands and receive a notice when their cycle is finished.
Multiple payment options - Less coin collecting saves time and hassle, letting you focus on running your business.
