

PROVEN PERFORMER

On-Premises Tumble Dryers

SA075NNN-R

(CARE & O.P.T.)

Features

- Large door opening for easy loading and unloading
 - extra strong hinge and reversible door
- Galvanized drum - oval drum holes preventing damage from standard drywall screws
- Unique drum supporting system
 - at the rear: bearings
- Radial airflow
 - drum perforations over the entire surface
 - high production
 - pulley drive system
- Large lint filter - easy removal of lint, efficient drying, self cleaning filter
- Digital display and countdown
- Quantum™ Gold Control
 - easy to operate, easy to program
 - flexibility of 30 programmable cycles
 - moisture sensing technology prevents overdrying, saving time and energy

EASY OPERATION

LARGE DOOR OPENING

LOW ENERGY CONSUMPTION

HIGH OUTPUT

Options

- Stainless steel front and drum
- Reversing: prevents tangling of the linen
- C.A.R.E. - Combustion Auto Response Equipped
 - a response to laundry combustion
 - prevents early laundry fire by constantly monitoring the temperature in the drum
 - in case of excessive temperature, linen is sprayed with water

*only for OPL models with gas or steam heating

Quantum™ Gold Control

Options

- O.P.T. - Over-Dry Prevention Technology
 - revolutionary rotary transfer switch enables the system to sense dryness levels thousands of times per second for ultra-accurate readings
 - sensing surface models offer up to 267 times more surface area for sensing than competitors
 - industry exclusive rotary transfer switch doesn't require brushes or hard contact, giving maintenance-free, reliable performance
 - dryer stops automatically when desired dryness level is reached, preventing staff from making educated guesses
 - step-dry enables the use of heat until the load is half dry, then lowering the temperature for the remainder of the cycle until the specified dryness level is reached
 - dryness level settings ranging from 0 to 40 percent allows you to design each cycle according to your specific needs
