

Vend Stack Washer - Dryer

STENXA (stack washer/dryer - electric)
STGNXA (stack washer/dryer - gas)

Stack Washer-Dryer features

- Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.
- Water use as low as 44.3 litres per cycle to reduce operating costs
- Extended Tumble helps eliminate wrinkling by tumbling for two minutes at 20 minute intervals if the dryer door isn't opened
- Just like their stand-alone counterparts, Speed Queen stacks are 100 percent front serviceable to limit downtime for easy service access

Control

Quantum™ Gold

- In addition to its network capabilities with our larger equipment and off-site management features, Quantum Gold offers additional owner and customer benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, a "lucky cycle" for loyal customers and the ability to interface with store owner's card manufacturer of choice. Cycle modifier keys create additional profit opportunities for store owners.

Supporting Smart Card, Tap & Go, Mag Stripe

Multiple payment options -

Mobile payment transforms customer relationships. Your customers expect more from a modern experience. More versatility. - More convenience. Speed Queen Insights lets you meet—and exceed—their expectations with the Speed Queen app and Speed Queen Rewards. And because it's fully integrated with your Speed Queen washers and dryers.

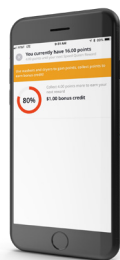

Speed Queen app

Easy-to-use app creates best-in-class retail experience. Speed Queen Rewards - Increase store loyalty and encourage Monitor wash and dry -Customers can easily check cycle status and time remaining repeat business from their smartphone.

Notification of cycle completion

Customers can run errands and receive a notice when their cycle is finished. Less coin collecting saves time and hassle, letting you focus on running your business.
